Dear Pearle:

As per your conversation with John Garrigan of the Police Commissioner's Office please find attached comparison statistics for the years 1970 through 1977. The described statistics are for Part I crimes committed in the City of Boston by District.

Each District represents a section of the city as follows;

District 1	Downtown Boston from Arlington St. north to waterfront, Charles River.
District 2	Roxbury
District 3	North Dorchester, Mattapan
District 4	South End, Back Bay
District 5	Hyde Park, West Roxbury and parts of Jamaica Plain
District 6	South Boston
District 7	East Boston
District 11	Dorchester
District 13	Jamaica Plain
District 14	Brighton
District 15	Charlestown

I hope these statistics will be useful to you. The figures are for Part I crimes. Part I crimes are used for the basis of all Uniform Crime Reporting Crime Indeces on a national level.

Yours Truly

Lieut. Francis Walsh
